

"That's the Plot of Star Wars Now"  
A Poem

What did they do to you?  
Am I watching a Lucas film  
Or Scooby Doo?  
Who is this Mary Sue?

What is the plot of Star Wars now?

Why is Han Solo dead?  
Why is Kylo Ren so mad?  
Why is C-3PO's arm red?  
Why'd Ren have to kill his dad?

Is this the plot of Star Wars now?

Who is this giant Snoke dude?  
Who're the parents of Rey Mary Sue?  
Why's Snoke so big, mean and rude?  
Does the studio even have a clue?

What the plot of Star Wars is now?

R2D2 junior's round  
Luke Skywalker is finally found  
Turns out he just ran away  
They made him look wimpier than Rey  
Instead of going to save the day.

What else do I have to say?  
(How did Leia change her wardrobe and hair so fast, anyway??)

What is going on with the plot of Star Wars now?

Apparently now Snoke is dead  
Kylo chopped him through the waist  
What villain now will cause us dread?  
They finished that plot point up in haste.

Where they drunk when they wrote the plot of Star Wars now?

Some pink haired lady shot through Hyperspace  
After a low speed starship race  
While 2 morons went to a casino,  
Got arrested,  
And blew the place  
(I wanna smack the writers in the face)

What the hell is the plot of Star Wars now?

Now Luke Skywalker's dead too  
Projected himself thru space now he's pooped  
Some lame ass speeders went "pew-pew!"  
The audience feels like they've been duped

By this plot of Star Wars now.

Oh crud, now Carrie Fisher's gone too  
What in the world are we to do?  
We'll splice her in best we can,  
While we're at it (finally) pay homage to Han,  
All the while taking a huge bet  
That by nostalgia all our fans' expectations be met.

How the hell is Palpatine back?  
Rey's his granddaughter?? What the fack???  
Star destroyers with Death Star cannons, what the hell?  
What a big mess this won't sit well!

Now Lando is finally here too,  
Even though there's not much left for him to do,  
We'll just have him chill on the Falcon with R2,  
And Chewie whom we falsely slew.

Wait, now Ben Solo is dead too?  
Did he die from healing  
Or kissing Mary Sue?  
Not sure what I'm feeling...

Jesus and Mary, no wait, Leia and Luke  
Smiling in a Tatooine sunset  
I think I'll puke  
While Mary Sue, off she sets.

Where will she go now, what will she do?  
Who cares anyhow?  
No one much likes this Mary Sue  
Skywalker or not now,

Disney already slaughtered that cash cow,  
Milked it dry then it they slew,  
Got their money, didn't care how,  
Tried pushing agenda while story was poo.

There's not a thing you and I can do  
Is what it is,  
Doesn't matter now  
Shit show's over, whoopty-doo!  
We can start to heal, and forget how

That's the plot of Star Wars now!
